

AWK INSTALACJE SP. Z O.O. SP.K.

AWK Instalacje was founded in 2013 as a result of extracting Building Department from main company. We employs dependable management and experienced engineers with required qualifications.

AWK Instalacje specializes in installing the HVAC systems, specifically air conditioning, ventilation, heating and control systems in all technologies available in a wide variety of objects.

The company offers a comprehensive service, including delivery, installation and activation of systems and employees training. AWK Instalacje offers a wide range of air-conditioning and ventilation units as well as materials of companies such as Aermec, Clivet, Daikin, MDV, Mitsubishi, Samsung, Smay, Systemair, Trox, Tywent, VBW, VTS and others. We guarantee high quality and efficient service.

Products & Services: Comprehensive service including delivery, installation and maintenance of HVAC systems, specifically air conditioning, ventilation, heating and control systems in all technologies available in a wide variety of objects.
