

PUMAR

Pumar Windows is a manufacturer of Schüco PVC & Auprof aluminium windows and doors. We are a mid-sized business, therefore we are able to meet most sophisticated customers' requirements.

Working closely with the customers, we determine the best solution according to energy saving, sound reduction or design requirements.

We have been working hard since year 1991 to build an enviable and well-deserved reputation - thanks to our no compromise on product quality and customer satisfaction policy. Pumar Windows have a proven track record of projects delivered to many EU countries. We manage our own delivery fleet. Therefore, we are able to meet the most challenging deadlines.

Products & Services: Aluminium and PVC windows, doors, facades.
