

PW VIKKING KTS SP. Z O.O.

VIKKING KTS has been implementing its mission, which is the production of the highest quality composite doors for many years. We produce unique stained glass units dedicated to our door in our own Stained Glass Studio. Composite doors VIKKING are distinguished due to excellent parameters of protection against heat loss. They are resistant to burglary and extreme climatic conditions. The used technologies and components provide the highest quality for generations. It can be proved by our 25 - year warranty on the technical efficiency of composite slabs. The quality of all products is confirmed by European certificates and their own technical solutions which are subject to international patent protection.

Products & Services: Composite entrance doors.
