LUBELSKIE FABRYKI WAG FAWAG S.A.

Lubelskie Fabryki Wag FAWAG S.A. is a company with 135 years of tradition. It is one of the oldest companies manufacturing scales in Europe. Our offer includes a wide range of modern electronic scales, which are often parts of more complex computer systems and which can be used in a great number of economic branches (trade, industry, services, transport). The company manufactures scales for industrial orders. Our own indicators, terminals, and software applications are able to satisfy the industrial requirements of many customers.
