

# CONSULTRIX

Centre for Labour and Business Protection  
CONSULTRIX was founded in 1989 as a training centre in the field of Work Safety and Hygiene. The company's rapid development resulted in fast creation of new departments:

- 1990 – Work Environment Laboratory;
- 1994 – Trading and Marketing Office.

Another important section of CONSULTRIX is a team of technical advisors and work and hygiene inspectors dedicated to help our customers all over the country in keeping their work safety. Consultrix is an importer of the best safety PPE Personal Protecting Equipment. Today, Centre for Labour and Business Protection CONSULTRIX is one of the most stable and trustworthy Polish companies specializing in work safety and hygiene. With over 20 years of experience, we are proud to assist top companies to gain success in Poland.
