# AVANT FABRYKA PORCELITU

During twenty years of our activity we have done much to make AVANT a market leader in ceramics advertising, creating new trends and providing customers with the highest quality products. AVANT factory is more than 6000 sq. m. of production and warehouse halls with modern machinery and experienced staff. As the only company in Poland, we offer ceramics manufacturing. An additional part of the offer is defined as the economy series, which means imported products. AVANT factory is able to manufacture new mug shapes as a special order. The offer is consistently adapted to customers' needs and it is created with particular attention to the quality and safety. Production capacity at 15.000 units daily guarantees prompt deliveries.
