

SUKCES SP Z O.O.

SUKCES Sp. z o.o. is a logistics company offering comprehensive services for businesses and individuals engaged in foreign commodities turnover. The result of many years of experience is the widely developed range of logistics services we offer, consisting in sea freight, road freight, air freight, customs services and warehousing of goods. The professionalism of our employees is a guarantee of the highest service quality. By maintaining high standards of customer service we place emphasis on individual approach to a customer, fostering relations based on partnership and reliable access to current information on shipments that we consolidate for Ukraine, Russia and Belarus. We can offer:

- storage and warehousing of commodities traded with foreign countries and goods for distribution in the internal market,
- sorting, repacking, palletizing, labelling services and consolidation of merchandised goods,
- organization of maritime, air and road freight (both domestic and international),
- access to a wide variety of railway traction,
- our big advantage is the location – small distance to the border between Poland and Ukraine.

Products & Services: Customs services, warehousing services, shipping services.
