

## INTROGRAF LUBLIN S.A.

Intrograf Lublin S.A. was established in 1997. Our core business is production of solid cardboard boxes and leaflets for companies that operate in pharmaceutical, cosmetics and FMCG industries. We are specialists in embossing Braille. Currently we emboss Braille on more than 60 folding cartons for more than 20 pharmaceutical companies. Intrograf Lublin is a fast growing company. In 2014 we opened our new factory in Special Economic Zone in Lublin. We also increased employment from 162 employees in 2013 up to 205 employees in April 2014. Our company offers high quality products. That is why in 2004 we introduced ISO 9001 Quality Control System. In May 2011 we obtained ISO 15378 with GMP – a special certificate for the production of medical assortment. We also have FSC® certificate.
