

# INKUBATOR TECHNOLOGICZNY MARKIZ SP. Z O.O.

Technology Incubator is a place which creates convenient atmosphere for the development and implementation of innovative business ideas. Our offer is addressed to companies from the information technology, telecommunications, ICT, biotechnology, optoelectronics and environmental protection sectors. We help new businesses, providing rental of the office space on favorable terms, the use of free advice as well as training and conference rooms and free trainings. We also provide Virtual Office services, rental of open space and trainings and conference rooms.

**Products & Services:** Technology Incubator provides assistance to companies assumed as novice traders. This help includes: preferential rental terms for those renting office space along with appropriate infrastructure, access to expertly furnished rooms, mentoring, technical assistance in law, marketing, finance and accounting, access to training and meeting rooms. Moreover, all entrepreneurs have access to a virtual office that is able to register their own company at Technology Incubator. It also provides a wide range of other services for businesses.
