

# „STANCHEM” SPJ. PRZEDSIĘBIORSTWO CHEMICZNE D. KRAWCZYK I Z. MĄCZKA

'Stanchem' spj. company was established in 1997 as a leading supplier of metals, master alloys, ferroalloys for metallurgy and the automotive industry. The significant part of our activity is distribution of chemical raw materials for refractory, abrasive, metallurgical, building and other applications. Our technical background, which comprises large warehouses, office areas, laboratory as well as own bonded warehouses, gives the opportunity to meet the special requirements of all customers. Our company tries to win their confidence by delivering high quality goods confirmed by Quality Management System ISO 9001:2008.
