

SPÓŁDZIELNIA MLECZARSKA BIELUCH W CHEŁMIE

Chełm is a land of legends. This is the only place in Europe and the second in the world which is rich in the Old Chalk Mines. It is the home of the benevolent spirit – Bieluch whose presence is also noticeable in the Bieluch Dairy Cooperative. The Bieluch Dairy Cooperative is a well-known company which specializes in the production of dairy products. What is more impressive, the company has existed for about 85 years! That is why, SM BIELUCH has been developing and focusing on the implementation of advanced technology. Additionally, the company improves the quality of dairy products to satisfy customers' needs. Every year, the products of SM BIELUCH are tested by the experts. One of the most recognized and precious products is a type of cream cheese 'Bieluch' which has gained more than 40 prestigious prizes so far. Moreover, we are also proud of our products with low fat content. Due to their nutritional value, they are recommended by the Obesity Treatment Centre. To take care of our clients, we use the system of health quality protection – HACCP and BRC Global Standard for Food Safety .
