**Polskie Jagody**

"Polskie Jagody" ("Polish Berries") Producers Group is a supplier of top quality berries, including highbush blueberry and strawberry. The Group consists of five plantations with the total area of 180 ha. Our fields are situated in environmentally clean areas, bordering on the Solska Primeval Forest Landscape Park. Our plantations hold GlobalG.A.P. and Leaf certificates, attesting to the top quality of fruit and customer care.

The harvesting season is extended from July to early October using modern varieties such as Liberty to supplement traditional varieties. All fruit is pre-cooled within 30 minutes of harvesting to ensure the highest quality and long post-harvest life of our produce.

In 2012 The Group opened a packhouse with an area of over 2,000 m<sup>2</sup>. The BRC-certified facility is equipped with Controlled Atmosphere stores and modern packing lines.
